

For Public Review:

3-Year Strategic Operating Plan

- Hartford Public Schools is in the process of drafting its first ever Strategic Operating Plan that maps out the district's reforms in great detail. We want your opinion!
- The first draft of the Plan was shared with the Board of Education on November 18th, 2008 and will be submitted formally for First Reading in January. It would be adopted by the Board of Education no sooner than February.
- We need your input in order to ensure this Plan works for all of Hartford's children!
